File No. Inland Steam Vessels II/45

Gen. 194 e.

1 of 5

Office of the R.L.A.

Section 68 of the Inland Steam-vessels A t, 1917, empowers the Provincial Government to issue a notification declaring that all or any of the provisions of Chapters II and III shall not apply in the case of any specified class of steam vessels or shall apply to them with such modifications as may be specified in the notification . It does not appear feasible under this section tomake an exemption in the case of any particular steam vessel. The object in view can however be achieved by exampting the class of vessels to which "the Edward Jackson" belongs. The revised draft notification sent herewith provides for such exemption - The P and S.D. should verify whether such exemption, that is, exemption of all the dredgers as a class, will en cause any administrative difficulty.
